## Offer eligibility

To be eligible for this offer your solar PV system must be net metered & not receiving a government funded feed-in tariff. If you remove your solar PV system from the supply address during the benefit period the offer will... more details below

## Discounts and incentives

## Incentives

## Solar feed-in tariffs

Origin offers 4 cents per kWh until a daily export limit of 8 kWh is reached. The daily export limit is averaged across your billing period (calculated by multiplying the number of days in your billing period by your daily export limit of 8 kWh).

## Solar feed-in tariffs

The Terms and Conditions for Feed-in Tariffs – Victoria applies to both additional and standard retailer feed-in tariff. When the benefit period ends you'll receive our standard feed-in tariff available at the time as published on our website.

## Solar feed-in tariffs

Please contact us on 1300 791 468 to discuss your eligibility and available terms. Further information is also available at [www.originenergy.com.au/2716/Feed-in-tariffs](http://www.originenergy.com.au/2716/Feed-in-tariffs). All amounts are GST-inclusive (if any).

| Cooling off period | 10 business days |

|                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eligibility criteria</b>      | To be eligible for this offer your solar PV system must be net metered & not receiving a government funded feed-in tariff. If you remove your solar PV system from the supply address during the benefit period the offer will continue but you won't receive the feed-in tariff.                                                                                                                                                                |
| <b>Prices are not fixed</b>      | We may vary the Charges (including their amount, nature and structure) by notice to you at any time. The notice will be at least 5 business days prior to the effective date of the variation.                                                                                                                                                                                                                                                   |
| <b>Contract expiry details</b>   | We'll give you notice before your contract ends. At the end of the contract term, we will continue to sell you energy and the terms and conditions of the Standard Retail Contract will apply, unless you tell us otherwise.                                                                                                                                                                                                                     |
| <b>Full terms and conditions</b> | Not available all areas or for new properties being connected for the first time. When benefit period ends we'll still supply you with energy under our contract. We may extend your Energy Plan or set you up with a new one, but only if we've written to you first & you haven't told us not to. 23.18c/kWh

### Controlled load charges

**Tariff (incl. GST)**

### Controlled load consumption

20.79 c/kWh

**Daily supply charge:** a charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity is used.

**kWh:** a 'kWh' stands for kilowatt hour and is the unit of measurement for your electricity bill.

## Solar feed-in tariff options

### Current retailer feed-in tariff

**Tariff**

First 8.000 kWh export per Day

4.00 c/kWh

Remaining export per Day

1.00 c/kWh

## GreenPower options

When you choose to buy a GreenPower product from an energy retailer, the retailer then invests the additional charge in the renewable energy industry. These purchases are audited by a group of government agencies.

| Option                 | Description                                                                                                                 | Price (incl. GST)  |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------|--------------------|
| <b>25% GreenPower</b>  | For 1.13 cents/kWh 25% of your electricity usage is matched with electricity from Government accredited GreenPower sources  | 1.13 cents per kWh |
